FOG OF WAR MISSION

The Fog of War Objectives deck allows you to play missions with objectives that vary from game to game, and even during the game. They can be used two ways: with a shared deck, or with constructed decks.

SHARED DECK

Shuffle all the Fog of War Objective cards as a single deck. Both players will draw from this deck.

CONSTRUCTED DECKS

Each player constructs their own Fog of War Objective deck of ten cards. Shuffle each deck at the beginning of the game. Each player will draw from their own deck.

SET UP

Players follow the setup instructions for the Free For All or Dust Up mission in the rule book, but do not place any Objectives.

WINNING THE GAME

At the start of the game, agree on the Fog of War Victory Points total that a player will need to win the game. Choosing 4 to 6 points will be result in a quick game, while choosing 10 or more points will create a long game.

We suggest using 8 points for your first few games.

A player wins if they either score the agreed number of Fog of War Victory Points, or if their opponent has no Formations left (due to failed Formation Last Stand).

DRAWING FOG OF WAR OBJECTIVES

At the start of each player's turn, the player draws three Fog of War Objective cards, chooses one to play and places the other two on the bottom of the deck. If the player already has three Fog of War Objective cards in play, they do not draw more Fog of War Objective cards until some of the ones in play have been completed.

SCORING VICTORY POINTS

When a player achieves the conditions listed on a Fog of War Objective card, they score the indicated Fog of War Victory Points and the Fog of War Objective card is removed from the game.

CAPTURING FOG OF WAR OBJECTIVES

Fog of War Objectives are Held in the same way as regular Objectives (see page 102 of the rulebook).
